All pieces are hand-cast and finished. Inherent variations add to the unique and individual charm of each piece. House Parts strives for accuracy of all printed information. We cannot be held responsible for errors or omissions.

We have made recommendations for finial and pole size combinations throughout the catalog using these symbols:

- ① 1 3/8" POLES    ② 2" POLES    ② 2 1/4" POLES    ③ 3" POLES    F FABRIC

These combinations are largely a matter of personal taste. Please refer to the photos and actual dimensions when choosing finials, or contact us for more information.

Our dimensions are determined as follows:

Our bamboo poles are made from resin and may have a metal core for stability. For this reason, we do not recommend cutting our bamboo poles. If your installer does decide to cut the pole, please note that the cut end will be hollow and the finial will have to be glued on to complete the installation.

Napoleon admired heraldic symbols and early weapons of war. When he returned from the Egyptian campaign in 1799 he incorporated them into fabric, wall coverings, furniture and tapestries in the palace. The French Empire style is reproduced in finials for House Parts' Artfactory line. The rods can extend to infinity and the brackets can be installed on the ceiling for sliding sheers. This installation must be done by a professional.
