* Component Set includes plastic chain, chain tensioner, cassette, PowerWand and bottom rail. Override request to change to metal chain or change color on any components other than the chain tensioner in the set must be specified at the time of order. Changing the tensioner color is not an available option.

PRODUCT CHARACTERISTICS & INFORMATION

INHERENT CHARACTERISTICS

Due to the weave and nature of the material, the following are the inherent characteristics and are not considered defects:

- A moiré effect may occur when the sheer fabric bands are aligned.
- The fabric color appearance may vary based on the light conditions in the room, light reflection from interior decor, or the position of the shade (open/closed/partial).
- The front fabric may appear wavy or bow due to the weave and construction of the fabric.
- There may be a hue variation between the LF & RD fabric.

FABRIC NOTE

- Static electricity build up on fabrics is a common occurrence in dry environments, especially during colder seasons. To help reduce static on your shades, lightly spray an anti-static product on the fabric or gently wipe the fabric with dryer sheets.

SIDE-BY-SIDE VANE ALIGNMENT

Side-by-side band alignment refers to the alignment of the bands from left to right. Exact alignment cannot be guaranteed. Please adhere to the following to ensure the best material alignment:

- Order Shades at the same time and in the identical style, color, height, operating system and application.
- Specify on the order form, under special instructions, that shades need to be aligned.
- Do not use side-by-side for dye-lot consistency.
- To ensure the best material alignment, the combined width of side-by-side shades should equal less than the maximum fabric width.

BAND ALIGNMENT

Band alignment from the front to the back panel can appear different. Fabric and sheer bands are set in fabrication to align front-to-back in the closed position. Due to possible slight variances in band sizes that are within industry standards, bands could appear to not align perfectly from the front to the back panel when in the open position.

SHADE HEIGHT

The finished shade height will always be in the fully lowered, closed position with bands offset. When the solid bands are aligned in the open position, the bottomrail raises up slightly, approximately half the width of the solid band height.

- On an inside mount application, the bottomrail will be slightly above the windowsill.
- On an outside mount application, it will be slightly above the bottom of the window opening.

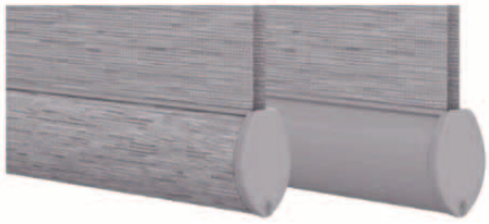
CASSETTES

Curved Cassette

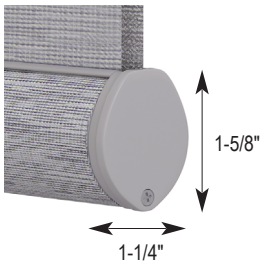
- Sizes:
  Medium (3-1/8" height x 3-3/4" depth)
  Large (3-7/8" height x 3-7/8" depth)
- Available in Matte Color – White, Vanilla, Silver, Bronze, Black
- A matching fabric insert in the headrail is a standard feature
- For the large cassette, a fabric with vanes that are 4" or larger is recommended.

BOTTOMRAIL

- Fabric-wrapped bottomrail is a standard feature (non-wrapped bottomrail is optional)
- Available in Matte Colors: White, Vanilla, Bronze, Black and Gray



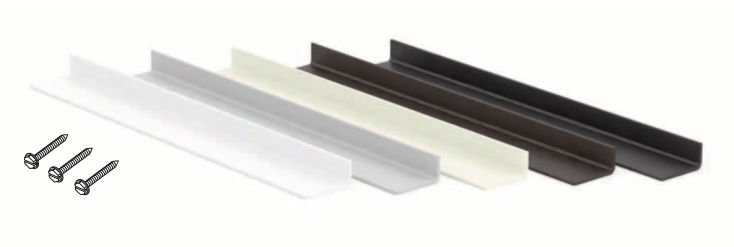
Fabric- Wrapped Un-Wrapped



PRIVACY LIGHT BLOCK

Privacy Light Block

- Available in 5 colors: White, Vanilla, Bronze, Black and Gray
- Inside Mount Only
- Surcharge applies; refer to price grids section



MAGNETIC HOLD DOWN BRACKET

- Available with all control systems
- Outside Mount Only
- Magnet will be pre-assembled onto the bottom rail

CONTINUOUS LOOP CONTROL

- Standard operating system for Banded Shades.
- Features a continuous bead chain loop with tensioner

Skyline Clutch
- Universal brackets – color coordinated to clutch (Black or White)

Metal and Plastic Bead Chain Options
- Metal Bead Chain is optional in the following colors:
  – Gunmetal
  – Rubbed Oil Bronze
  – Stainless Steel

- Plastic Bead Chain is optional in the following colors:
  – White
  – Vanilla
  – Gray
  – Bronze
  – Black

(Please refer to the Component Set listed on the Color Chart for color coordination info.)

Plastic Bead Chain Loop Lengths

SHADE HEIGHT	CHAIN LOOP DROP
**24" - 31 7/8"	2/3 of shade height
32" to 37 7/8"	24" plastic chain loop
38" to 43 7/8""	30" plastic chain loop
44" to 52 7/8"	36" plastic chain loop
53" to 61 7/8"	42" plastic chain loop
62" to 70 7/8"	48" plastic chain loop
71" to 79 7/8"	54" plastic chain loop
80" to 88 7/8"	60" plastic chain loop
89" to 96 7/8"	66" plastic chain loop
97" to 105 7/8"	72" plastic chain loop
106" to 120"	84" plastic chain loop

**Shades shorter than 30" requires metal chain

Tensioner will color coordinate with the fabric color (Changing the tensioner color is not an available option.)

Black Gray White Vanilla Bronze

Tensioner Color with Plastic Chain Color

Plastic Chain Color	Tensioner Color
White	White
Vanilla	Vanilla
Gray	Gray
Black	Black
Brown	Bronze

Tensioner Color with Metal Chain Color

Metal Chain Color	Tensioner Color
Stainless Steel	White
Stainless Steel	Vanilla
Stainless Steel	Gray
Stainless Steel	Black
Stainless Steel	Bronze
GunMetal	Black
Oil Rubbed Bronze	Bronze

CORDLESS LIFT OPERATION

• Effortless positioning of the shade by simply raising & lowering the shade to the desired position.
• Two handles are sent with every Cordless LIft shade and should be installed onto the bottomrail once the shade has been installed.
• Extension pole is available to use when shades are hard to reach. Cost for extension pole is listed on the surcharge page.

POWERWAND

• Touch and walk away push control options, including favorite positions
• Rechargeable lithium-ion battery powered wand eliminates the need for batteries
• 5 color options: White, Vanilla, Gray, Bronze, Black
• Available in 6 lengths: 1ft, 2ft, 3ft, 4ft, 5ft, & 6ft.

AUTOMATION OPERATION

• Click here to refer to the Automation guide

FINISHED DIMENSIONS

Adjustments are taken from ordered dimensions. Width and height may vary ± 1/8"

SINGLE PANEL

INSIDE MOUNT	Continuous Loop Control	Cordlesslift	Bliss Automation	Somfy Automation	PowerWand
