Honeycomb Surcharges, Design Options & Accessories

Honeycomb Operating System Surcharges[1,2]

- Cordless $0
  - — Two-On-One Headrail (price as two separate shades) $0
  - — Three-On-One Headrail (price as three separate shades) $0
- Cordless Lift & Lock $0
  - — Top-Down/Bottom-Up $106
  - — Two-On-One Headrail (price as two separate shades) $0
  - — Three-On-One Headrail (price as three separate shades) $0
  - — TDBU $106
- Continuous Cord Loop $73
  - — Top-Down/Botton-Up $179
- Top-Down & TDBU $106

[1] Other Automation Surcharges:
- — For PowerWand™ Automation pricing, see "PowerWand Surcharges & Accessories" on page 133.
- — For BLISS Automation pricing, see "Bliss™ Automation Operating System Surcharges" on page 33.
- — For Somfy® Automation pricing, see "Somfy® Automation Operating System Surcharges" on page 34.

[2] Add to base price.

Notes
- 2" Hybrid Pleat is not available for PowerWand Automation.

Honeycomb Design Option Surcharges

- Angle Cut $163
- Fabric-Wrapped Rail Option $41
- Premium Headrail Upgrade (Cordless Lift & Lock) [1] $25
- Trilight Shades See page 28.

[1] Fabric-wrapped rails are optional for a surcharge on Continuous Cord Loop, Cordless Lift, Cordless Lift & Lock, and motorized shades.

Honeycomb Accessory Pricing

- 18" to 36" Cordless Extension Pole $33
- 5' to 10' Cordless Extension Pole $55
- Classic SkyLight Extension Pole $55
- Privacy Light Block $55

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Notes for ACS-HPLT1 and ASC-HPLT2:

- For Operating System Surcharges, Design Option Surcharges, and Specialty Applications, see "SoftStyle Surcharges, Design Options & Accessories" on page 41.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

SoftStyle Surcharges, Design Options & Accessories

SoftStyle Operating System Surcharges[1,2]

- Continuous Cord Loop $73
- Continuous Cord Loop Top-Down/Bottom-Up $179
- Cordless $0
  - Two-On-One Headrail (price as two separate shades and add together) $0
  - Three-On-One Headrail (price as three separate shades and add together) $0
- Cordless Lift & Lock $0
  - Top-Down/Bottom-Up $106
  - Two-On-One Headrail (price as two separate shades and add together) $0
  - Three-On-One Headrail (price as three separate shades and add together) $0
- Top-Down & TDBU $106

[1] Other Automation Surcharges:
- For PowerWand™ Automation pricing, see "PowerWand Surcharges & Accessories" on page 133.
- For BLISS Automation pricing, see "Bliss™ Automation Operating System Surcharges" on page 48.
- For Somfy® Automation pricing, see "Somfy® Automation Operating System Surcharges" on page 49.

[2] Add to base price.

SoftStyle Design Option Surcharges

- Angle Cut (Hexagon, Octagon & Trapezoid) $163
- Cordless Lift & Lock Premium Rail Upgrade $25
- Fabric-Wrapped Rail Option [1] $41

[1] Fabric-wrapped rails are optional for a surcharge on Continuous Cord Loop, Cordless Lift, Cordless Lift & Lock, and motorized shades.

SoftStyle Accessory Pricing

- 18" to 36" Cordless Extension Pole $33
- 5' to 10' Cordless Extension Pole $55
- Classic SkyLight Extension Pole $55
- Privacy Light Block $55

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

SoftStyle Arches & Circles Surcharges

ASC-AR

Notes for grids ASN-5 and ASN-6

- Always see the Size Standards charts for maximum widths and heights for a specific operating system.
- For Operating System, Design Option, and Accessories pricing, see "Roller Surcharges" on page 72.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Roller Surcharges

Unless otherwise noted, add operating system and design option surcharges to the base price shown in the price grids.

Roller Operating System Surcharges[1]

- Continuous Loop Control $0
- Cordless Lift $132 per shade
- Spring Assist Clutch $164 per shade
- TouchLift™ $0

[1] Motorization surcharges:

- Bliss™ Automation pricing, see "Bliss™ Automation Operating System Surcharges" on page 73.
- Somfy® Automation pricing, see "Somfy® Automation Operating System Surcharges" on page 77.
- PowerWand™ pricing, see "PowerWand Surcharges & Accessories" on page 133.

Roller Design Option Surcharges

- 18" to 36" Cordless Extension Pole $27 each
- Bottom Channels $22 per ft.
- Custom Splicing (max 2 seams per shade) 15% per shade
- Dual Bracket $45 per shade
- Fabric Cornice Keystone(s) $62 per shade
- Fabric Cornice Returns $55 per shade
- Privacy Light Block $6 per ft.
- Side Channels $22 per ft.
- Two-On-One Headrail
  - Price as two individual standard shades and add together
  - Add operating system surcharge

Notes for grid ASH-3

- Always see the Size Standards charts for maximum widths and heights for a specific operating system.
- For Operating System, Design Option, and Accessories pricing, see "Sheer Shadings Surcharges" on page 84.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Sheer Shadings Surcharges

Unless otherwise noted, add operating system and design option surcharges to the base price shown in the price grids.

Sheer Shadings Operating System Surcharges[1]

- Cordless Lift $100 per shading
- Cordless Lift Two-On-One Headrail
  - Price as two separate shadings and add together
- Retractable Wand $100 per shading
- Retractable Wand Two-On-One Headrail
  - Price as two separate shadings and add together

[1] Motorization surcharges:
- Bliss™ Automation pricing, see "Bliss™ Automation Operating System Surcharges" on page 85.
- Somfy® Automation pricing, see "Somfy® Automation Operating System Surcharges" on page 86.
- PowerWand™ pricing, see "PowerWand Surcharges & Accessories" on page 133.

Notes:
- Hardware Color Substitution is only available when the Fabric-Covered Headrail option is not selected. Please review Collection Information pages for Coordinating Hardware Color.
- When Fabric-Covered Headrail is selected the underlying headrail color will always be white and the end caps will still be color coordinated.
- Fabric-covered headrail is color-coordinated to fabric. If an override is chosen, please choose from a color in the Fabric-Covered Headrail color-coordination chart.

Sheer Shadings Design Option Surcharges

- Fabric Covered Headrail $40 per shading
- Hardware Color Substitution $34 per shading

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Bliss™ Automation Operating System Surcharges

All price grids in this section show base prices for standard product configurations. For additional charges for upgrades, accessories, and specialty options, see "Bliss™ Automation Surcharges & Accessories" on page 131.

Composite Shutters Pricing

Alta Window Fashions US Composite Shutters are priced by the square foot.

Base price for Composite Shutters is $54 per square foot (minimum 8 sq. ft.)

Shutter square footage is determined using a "**Tip to Tip**" calculation.
Use the Size to Order table to determine how to measure the shutter size. Use the Overlap Measurements tables to determine the appropriate overlap.

Size to Order

Frame Mount/Style	Size To Order	Pricing Formula
Outside Mount		
L Frames, Casing Frame, Hang Strips	Window Opening + Overlap	Window Opening + Overlap
Inside Mount		
L Frames, Hang Strips, No Frame	Window Opening	Window Opening
Inside Mount Z Frame		
Tilt-In Z-Frame, Crown Z-Frame, Designer Z-Frame, or Smooth Z-Frame	Window Opening	Ordered Size + Z Frame Overlap

Overlap Measurements

Outside Mount Frame Overlaps	
1¾" Beaded (LFB) / Smooth (LFS) Frame	1⅛"
1⅝" Beaded L Frame (SLFB)	1⅛"
2⅜" Beaded (LFB1) / Smooth (LFS1) Frame	1⅛"
2⅞" Beaded (LFB2) / Smooth (LFS2) Frame	1⅛"
Casing Frame (with insert) (CFE)	2½"
Track Frames	1⅜"

Notes
- Frame overlap is added to each side of the shutter with a frame.
- **Ordering**: Enter the complete shutter with frame size on your order form.
- Consider adding a "reveal" measurement to the overall ordered size.

Inside Mount Z Frame Overlaps	
Tilt-In Beaded (ZFTB) / Smooth (ZFTS) Frame	¾"
Crown Z-Frame (ZFC)	½"
Designer Z-Frame (ZFD)	1³⁄₁₆"
Smooth Z-Frame	1⅛"

Notes
- Overlap amount is added to each side with frame for tip to tip pricing calculation **ONLY**.
- **Do not order with overlap measurements.**

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Composite Shutters "How to Price"

How to Price Composite Shutters

Composite Shutters are priced at $54/square foot of finished size, as shown in the table below, plus surcharges for Track System and Design Options. Follow these basic pricing procedures:

1. Multiply Width x Height to get the total area in square inches.
2. Divide the square inch area of the panel by 144 to get the total square footage, then round to two decimal places.
3. Multiply the size in square feet by $54 to get the base price of the panel.
4. Add any necessary surcharges. For surcharges, see "Composite Shutters Surcharges & Accessories" on page 93. Track Systems, Arch/Angle Top Panels and Decorative Sill cover surcharges are width-based. All other surcharges (or deductions) are shown as a percentage of the base price or as a dollar amount.

The pricing examples are rounded to the nearest penny.

Example 1: Standard Shutter with Front Tilt			
Opening Size: 36⅛" x 59½", Front Tilt, Inside Mount, with L-Frame (no overlap)			
1	Multiply height and width to get square inches	36.125" x 59.5" = 2,149.4375 square inches	
2	Divide total square inches by 144 to get total SQ FT.	2,149.4375 ÷ 144 = 14.93 square feet (rounded to two decimal places)	
3	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	14.93 square feet > 8 square feet	
4	Total price (no surcharges)	14.93 x $54	$806.22

Example 2: Standard Shutter with Front Tilt			
Opening Size: 27" x 30", Front Tilt, Inside Mount, with L-Frame (no overlap)			
1	Multiply height and width to get square inches	27" x 30" = 810 square inches	
2	Divide total square inches by 144 to get total SQ FT.	810 ÷ 144 = 5.63 square feet (rounded to two decimal places)	
3	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	5.63 square feet < 8 square feet	
4	Total price (no surcharges)	8 x $54	$432.00

Example 3: Standard Shutter with Front Tilt			
Opening Size: 48" x 61", Front Tilt, Outside Mount, with L-Frame (LFS), 4-sided			
1	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 88)	1.125"	
2	Multiply 1.125" x 2 = 2.25" and add to width.	48" + 2.25" = 50.25"	
3	Multiply 1.125" x 2 = 2.25" and add to height.	61" + 2.25" = 63.25"	
4	Multiply Tip-to-Tip Width x Height to get square inches	50.25" x 63.25" = 3,178.3125 sq. in.	
5	Divide total square inches by 144 to get total SQ FT.	3,178.3125 ÷144 = 22.07 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	22.07 square feet > 8 square feet	
7	Total price (no surcharges)	22.07 x $54	$1191.78

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Example 4: Standard Shutter with Gear Tilt

Opening Size: 48" x 61", Gear Tilt, Inside Mount, with Beaded Tilt-In Z-Frame

1	Determine Inside Mount frame overlap measurements (see "Overlap Measurements" on page 88)	0.75" per frame side	
2	Multiply 0.75" x 2 = 1.5" and add to width.	48" + 1.5" = 49.5"	
3	Multiply 0.75" x 2 = 1.5" and add to height.	61" + 1.5" = 62.5"	
4	Multiply Tip-to-Tip Width x Height to get square inches	49.5" x 62.5" = 3,093.75 sq. in	
5	Divide total square inches by 144 to get total SQ FT.	3,093.75 ÷ 144 = 21.48 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	21.48 square feet > 8 square feet	
7	Determine Base Price	21.48 x $54	$1159.92
8	Determine Gear Surcharge	$1159.92 x 15%	+173.99
9	Total price		$1333.91

Example 5: Bypass Shutter, Standard Valance with Stackback

Opening Size: 84" x 82", Outside Mount, Bypass Frame with Standard Valance, Stackback Width = 119"

1	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 88)	1.375" per frame side	
2	Multiply 1.375" x 2 = 2.75" and add to width.	84" + 2.75" = 86.75"	
3	Multiply 1.375" x 2 = 2.75" and add to height.	82" + 2.75" = 84.75"	
4	Multiply Tip-to-Tip Width x Height to get square inches	86.75" x 84.75" = 7,352.06 sq. in	
5	Divide total square inches by 144 to get total SQ FT.	7,352.06 ÷ 144 = 51.06 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	51.06 square feet > 8 square feet	
7	Determine Base Price	51.06 x $54	$2757.24
8	Determine Track Surcharge	Width-based surcharge of $1020	+1020.00
9	Total price		$3,777.24

Note:

- If Gear Tilt is required, add 15% to the base price only.

Example 6: Continuous Framed Specialty Shape (Perfect Arch) with Standard Shutter

Full Opening Size: 42" x 72", Perfect Arch (A1) 42" and standard shutter below 42" x 51", Outside Mount, with 1¾" Smooth L-Frame (LFS), 4-Sided

1	Determine Framed Arch base shutter price from "ACS-SPEC2F" on page 92 .	42" base price	$1899.00
2	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 88)	1.125" per frame side	
3	Multiply 1.125" x 2 = 2.5" and add to width.	42" + 2.5" = 44.5"	
4	Multiply 1.125" x 2 = 2.5" and add to height.	51" + 2.5" = 53.5"	
5	Multiply Tip-to-Tip Width x Height to get square inches	44.5" x 53.5" = 2,380.75 sq. in	
6	Divide total square inches by 144 to get total SQ FT.	2,380.75 ÷ 144 = 16.53 sq. ft.	
7	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	16.53 square feet > 8 square feet	
8	Determine Standard Shutter Base Price	16.53 x $54	$892.62
9	Total price		$2791.62

Note:

- If Gear Tilt is required, add 15% to the base price only.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Composite Shutters Specialty Shapes Price Grids

Specialty Shape Pricing

- **Important Note!** All base prices are predicated on Ordered Dimensions.
- Round the ordered width of the specialty shape up to the nearest width shown on the appropriate chart. The price beneath that width is the suggested retail price.

Standard Shutter Pricing

- If a standard shutter is being ordered in combination with the specialty shape, price the standard shutter using the base price per square foot calculation.

Notes

- Due to the endless range of options available, special charges may apply for orders outside the published product specifications; contact Customer Service for a quote.

Composite Shutters Unframed Specialty Shapes

Notes

- For stackback track configurations, first locate the base price for the shutter width and height. Next, use the stackback width to determine the track surcharge. Add this surcharge to the shutter base price to arrive at the total price for the stackback configuration. See "Composite Shutters "How to Price"" on page 89 and Stackback Design.
- Units with panel widths less than 27½" may not be built with Gentle Close for Bypass depending on the configuration.
- Track systems greater than 120" in width must be priced in eOrders.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

#8 x 3" Installation Screw - Black (ISW3)	12.99
#8 x 3 1/2" Installation Screw - Black (ISW4)	23.52

Notes

- Minimum order for lineal materials or parts alone is $30 net.
- Lineal material frames can be square cut or miter cut.
- There is an additional $75 net surcharge for curved lineal material not requested with an original order.
- Lineal materials not ordered with the original order may vary in color.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Eclipse Shutters Pricing

Eclipse US Shutters are priced by the square foot.

Base price for Eclipse Shutters is $50 per square foot (minimum 8 sq. ft.)

Shutter square footage is determined using a "**Tip to Tip**" calculation.
Use the Size to Order table to determine how to measure the shutter size. Use the Overlap Measurements tables to determine the appropriate overlap.

Size to Order

Frame Mount/Style	Size To Order	Pricing Formula
Outside Mount		
L Frames, Casing Frame, S Frame, Sill	Window Opening + Overlap	Window Opening + Overlap
Inside Mount		
L Frames, Mounting Strips, No Frame	Window Opening	Window Opening
Inside Mount Z Frame		
Bullnose, Trim, Deluxe Trim, Z-Frame	Window Opening	Ordered Size + Z Frame Overlap

Overlap Measurements

Outside Mount Frame Overlaps	
L-Frame	1⅜"
Casing Frame	2 11/16"
Casing Sill Frame	1⅜"
S Frame	2"
S Sill Frame	1⅜"

Notes
- Frame overlap is added to each side of the shutter with a frame.
- **Ordering**: Enter the complete shutter with frame size on your order form.
- Consider adding a "reveal" measurement to the overall ordered size.

Inside Mount Z Frame Overlaps	
Bullnose Z	1¼"
Trim Frame	1 3/16"
Deluxe Trim Frame	2 1/16"
Z Frame	½"

Notes
- Overlap amount is added to each side with frame for tip to tip pricing calculation **ONLY**.
- **Do not order with overlap measurements.**

Calculate Square Footage with Overlap

Calculate Square Footage with Overlap	
Example: Unit ordered is a 48"x 60" Opening with Bullnose Z Frame	
Opening Width 48"	Opening Height 60"
Left Frame Overlap 1¼"	Top Frame Overlap 1¼"
Right Frame Overlap 1¼"	Bottom Frame Overlap 1¼"
Total Width 50½" – rounded to 51"	Total Height 62½" – rounded to 63"
Square Foot Calculation: 51" x 63" = 3,213 sq in ÷ 144 = 22.31 sq ft	

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Eclipse Shutters Surcharges

Eclipse Shutters Surcharges Add applicable surcharges		
Gear Tilt	Add 15%	To Base Price
Casing Frame	$7	Per square foot
Bi-Fold	$78	Per linear foot
Closed Louver Bypass with or without stackback	$78	Per linear foot
Open Louver Bypass with or without stackback	$143	Per linear foot
Triple Bypass with or without stackback	$143	Per linear foot
5" Deluxe Valance	$30	Per linear foot
By-Pass or Bi-Fold Track – 1 extension	$101	Per Window
By-Pass or Bi-Fold Track – 2 or 3 extensions	$169	Per Window
Double Hung	$137	Per Window
Café Style	$101	Per Window
Build Out	$101	Per Window
1/4", 1/2", 3/4", 1" mounting strip	$36	Per Side
L Frame Cover Strips	$36	Per 16' Roll
French Door Cut Outs	$504	Per Cut Out
Specialty Shapes	$36	Per Linear Inch (length or width, whichever is greater)
Stainless steel hinges	$20	Per Panel
Bay / Bow	$286	Per Bay/Bow Window
Frame Cut Out	$30	Per Cut Out

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Wood Shutters Pricing

Alta Window Fashions US Wood Shutters are priced by the square foot.

Base price for Wood Shutters is $63 per square foot (minimum 8 sq. ft.)

Shutter square footage is determined using a "**Tip to Tip**" calculation.
Use the Size to Order table to determine how to measure the shutter size. Use the Overlap Measurements tables to determine the appropriate overlap.

Size to Order

Frame Mount/Style	Size To Order	Pricing Formula
Outside Mount		
L Frames, Casing Frame, Hang Strips	Window Opening + Overlap	Window Opening + Overlap
Inside Mount		
L Frames, Hang Strips, No Frame	Window Opening	Window Opening
Inside Mount Z Frame		
Tilt-In Z-Frame, Crown Z-Frame, Designer Z-Frame, or Smooth Z-Frame	Window Opening	Ordered Size + Z Frame Overlap

Overlap Measurements

Outside Mount Frame Overlaps	
1¾" Beaded (LFB)/Smooth (LFS) Frame	1⅛"
1⅝" Beaded L Frame (SLFB)	1⅛"
2⅜" Beaded (LFB1)/Smooth (LFS1) Frame	1⅛"
2⅞" Beaded (LFB2)/Smooth (LFS2) Frame	1⅛"
Casing Frame (with insert) (CFE)	2½"
Track Frames	1⅜"

Notes
- Frame overlap is added to each side of the shutter with a frame.
- **Ordering**: Enter the complete shutter with frame size on your order form.
- Consider adding a "reveal" measurement to the overall ordered size.

Inside Mount Z Frame Overlaps	
Tilt In Beaded (ZFTB) / Smooth (ZFTS) Frame	¾"
Crown Z Frame (ZFC)	½"
Designer Z Frame (ZFD)	13⁄16"
Smooth Z Frame (ZFS)	1⅛"

Notes
- Overlap amount is added to each side with frame for tip to tip pricing calculation **ONLY**.
- **Do not order with overlap measurements.**

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Wood Shutters "How to Price"

Base Price Imported — The base prices reflect the lower pricing provided by our expanded hardwood shutter operations. This is an import program and comes with longer lead times. Orders will default to Base Price — Imported except for configurations that are only available with Domestic Direct.

Domestic Direct Surcharge Option — For customers needing a faster lead time or wanting shutters made in the USA, the Domestic Direct option is available.

Notes

- All lead times for both options and options only available with Domestic Direct can be found in the Newsroom.
- Shipping costs remain the same for both Base Price Imported and Domestic Direct.

How to Price Wood Shutters

Wood Shutters are priced at $63/square foot of finished size, as shown in the table below, plus surcharges for Track System and Design Options. Follow these basic pricing procedures:

1. Multiply Width x Height to get the total area in square inches.
2. Divide the square inch area of the panel by 144 to get the total square footage, then round to two decimal places.
3. Multiply the size in square feet by $63 to get the base price of the panel.
4. Add any necessary surcharges. For surcharges, see "Wood Shutters Surcharges & Accessories" on page 104. Track Systems, Arch/Angle Top Panels and Decorative Sill Cover surcharges are width-based. All other surcharges (or deductions) are shown as a percentage of the base price or as a dollar amount.

The pricing examples are rounded to the nearest penny.

Example 1: Painted Standard Shutter with Front Tilt			
Opening Size: 36⅛" x 59½", Front Tilt, Inside Mount, with L-Frame (no overlap)			
1	Multiply height and width to get square inches	36.125" x 59.5" = 2,149.4375 square inches	
2	Divide total square inches by 144 to get total SQ FT.	2,149.4375 ÷ 144 = 14.93 square feet (rounded to two decimal places)	
3	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel	14.93 square feet > 8 square feet	
4	Total price (no surcharges)	14.93 x $63	$940.59

Example 2: Painted Standard Shutter with Front Tilt - Domestic Direct			
Opening Size: 27" x 30", Front Tilt, Inside Mount, with L-Frame (no overlap)			
1	Multiply height and width to get square inches	27" x 30" = 810 square inches	
2	Divide total square inches by 144 to get total SQ FT.	810 ÷ 144 = 5.63 square feet (rounded to two decimal places)	
3	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	5.63 square feet < 8 square feet	
4	Base price	8 x $63	$504.00
5	Add Domestic Direct surcharge	Add 40% of $504.00	+201.60
6	Total price		$705.60

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Example 3: Painted Standard Shutter with Front Tilt

Opening Size: 48" x 61", Front Tilt, Outside Mount, with 1¾" Smooth L-Frame (LFS), 4-sided

1	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 98)	1.125"	
2	Multiply 1.125" x 2 = 2.25" and add to width.	48" + 2.25" = 50.25"	
3	Multiply 1.125" x 2 = 2.25" and add to height.	61" + 2.25" = 63.25"	
4	Multiply Tip-to-Tip Width x Height to get square inches	50.25" x 63.25" = 3,178.3125 sq. in.	
5	Divide total square inches by 144 to get total SQ FT.	3,178.3125 ÷144 = 22.07 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	22.07 square feet > 8 square feet	
7	Total price (no surcharges)	22.07 x $63	$1390.41

Example 4: Painted Standard Shutter with Gear Tilt

Opening Size: 48" x 61", Gear Tilt, Inside Mount, with Beaded Tilt-In Z-Frame

1	Determine Inside Mount frame overlap measurements (see "Overlap Measurements" on page 98)	0.75" per frame side	
2	Multiply 0.75" x 2 = 1.5" and add to width.	48" + 1.5" = 49.5"	
3	Multiply 0.75" x 2 = 1.5" and add to height.	61" + 1.5" = 62.5"	
4	Multiply Tip-to-Tip Width x Height to get square inches	49.5" x 62.5" = 3,093.75 sq. in	
5	Divide total square inches by 144 to get total SQ FT.	3,093.75 ÷ 144 = 21.48 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	21.48 square feet > 8 square feet	
7	Determine Base Price	21.48 x $63	$1353.24
8	Determine Gear Surcharge	$1353.24 x 15%	+202.99
9	Total price		$1556.23

Example 5: Stained Bypass Shutter, Standard Valance with Stackback

Opening Size: 84" x 82", Outside Mount, Bypass Frame with Standard Valance, Stackback Width = 119"

1	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 98)	1.375" per frame side	
2	Multiply 1.375" x 2 = 2.75" and add to width.	84" + 2.75" = 86.75"	
3	Multiply 1.375" x 2 = 2.75" and add to height.	82" + 2.75" = 84.75"	
4	Multiply Tip-to-Tip Width x Height to get square inches	86.75" x 84.75" = 7,352.06 sq. in	
5	Divide total square inches by 144 to get total SQ FT.	7,352.06 ÷ 144 = 51.06 sq. ft.	
6	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	51.06 square feet > 8 square feet	
7	Determine Base Price	51.06 x $63	$3216.78
8	Add Stain surcharge	Add 15% of $3216.78	+482.52
9	Determine Track Surcharge	Width-based surcharge of $1228.00	+1228.00
10	Total price		$4927.30

Note

- If Gear Tilt is required, add 15% to the base price only.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Example 6: Painted Continuous Framed Specialty Shape (Perfect Arch) with Standard Shutter

Full Opening Size: 42" x 72", Perfect Arch (A1) 42" and standard shutter below 42" x 51", Outside Mount, with 1 3/4" Smooth L-Frame (LFS), 4-Sided

1	Determine Framed Arch base shutter price from "AWS-SPEC2F" on page 103.	42" base price	$2220.00
2	Determine Outside Mount frame overlap measurements (see "Overlap Measurements" on page 98)	1.125" per frame side	
3	Multiply 1.125" x 2 = 2.5" and add to width.	42" + 2.5" = 44.5"	
4	Multiply 1.125" x 2 = 2.5" and add to height.	51" + 2.5" = 53.5"	
5	Multiply Tip-to-Tip Width x Height to get square inches	44.5" x 52.5" = 2,380.75 sq. in	
6	Divide total square inches by 144 to get total SQ FT.	2,380.75 ÷ 144 = 16.53 sq. ft.	
7	If the area of the panel is less than 8 square feet, price the panel as an 8 sq. ft. panel.	16.53 square feet > 8 square feet	
8	Determine Standard Shutter Base Price	16.53 x $63	$1041.39
9	Total price		$3261.39

Note:

- If Gear Tilt is required, add 15% to the base price only.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Wood Shutters Specialty Shapes Price Grids

Specialty Shape Pricing

- **Important Note!** All base prices are predicated on Ordered Dimensions.
- Round the ordered width of the specialty shape up to the nearest width shown on the appropriate chart. The price beneath that width is the suggested retail price.

Standard Shutter Pricing

- If a standard shutter is being ordered in combination with the specialty shape, price the standard shutter using the base price per square foot calculation.

Notes

- Due to the endless range of options available, special charges may apply for orders outside the published product specifications; contact Customer Service for a quote.

Notes

- For stackback track configurations, first locate the base price for the shutter width and height. Next, use the stackback width to determine the track surcharge. Add this surcharge to the shutter base price to arrive at the total price for the stackback configuration. See "Wood Shutters "How to Price"" on page 99 and Stackback Design.
- Units with panel widths less than 27½" may not be built with Soft Close for Bypass, depending on the configuration.
- Track systems greater than 120" in width must be priced in eOrders.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Wood Shutters Arch Top and Angle Top Panel Surcharges

Notes

- Arch or angle top units greater than 120" in width must be priced in eOrders.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Wood Shutters Extra Lineal Materials

Wood Shutters are shipped with all the components and hardware needed for the installation. In some cases, however, you may need additional lineal materials. Those materials are price by the inch in the table below.

Lineal Materials Pricing

Base Price Per Inch

LINEAL MATERIAL	PAINTED	STAINED
1-5/8" Beaded L-Frame (SLFB)	$1.53	$1.63
1-3/4" Beaded L-Frame (LFB)	1.53	1.63
2-3/8" Beaded L-Frame (LFB1)	2.53	2.95
2-7/8" Beaded L-Frame (LFB2)	3.54	4.05
1-3/4" Smooth L- Frame (LFS)	1.53	1.63
2-3/8" Smooth L-Frame (LFS1)	1.53	1.63
2-7/8" Smooth L-Frame (LFS2)	2.53	2.95
Crown Z-Frame (ZFC)	2.15	2.22
Designer Z-Frame (ZFD)	2.33	2.45
Smooth Z-Frame (ZFS)	1.53	1.66
Smooth Tilt-In Z-Frame (ZFTS)	2.33	2.45
Beaded Tilt-In Z-Frame (ZFTB)	1.30	1.43
Casing Frame (CFE)	2.93	3.28
Casing Frame Spacer (CFEX)	1.47	1.86
2-3/8" Beaded L-Frame Partial Extension (LFB1P)	1.53	1.63
2-3/8" Beaded L-Frame Full Extension (LFB1F)	1.53	1.63
2-7/8" Beaded L-Frame Partial Extension (LFB2P)	4.57	5.25
2-7/8" Beaded L-Frame Full Extension (LFB2F)	4.57	5.25

Bottom Track – Aluminum (BTMTRK)		0.40
#6 x 1 5/8" Installation Screw - Black (ISW1)	6.10	per quantity of 25
#6 x 1 5/8" Installation Screw - White (ISW1W)	6.10	per quantity of 25
#6 x 2 1/4" Installation Screw - Black (ISW2)	6.10	per quantity of 25
#6 x 2 1/4" Installation Screw - White (ISW2W)	6.10	per quantity of 25
#8 x 3" Installation Screw - Black (ISW3)	12.99	per quantity of 25
#8 x 3 1/2" Installation Screw - Black (ISW4)	23.52	per quantity of 25

Notes:

- Minimum order for lineal materials or parts alone is $30 net.
- Lineal material frames can be square cut or miter cut.
- There is an additional $75 net surcharge for curved lineal material not requested with an original order.

Product price only, not including freight, state/local taxes, measuring and installation, and other services associated with a custom installation.

Roller Panel Track Price Grids

Review each grid for specific fabric availability. Additional charges for upgrades, accessories, and specialty options are listed in separate surcharge tables.
